Hey Lindsey!

Thanks for letting us know. Jeana and I are excited to know what you determine.

We have some things to work on for section IV of the document, and we don't need to know market leader information to accomplish those tasks. We plan to add content sometime on Tuesday or after.

Happy weekend, indeed!

Hi ladies,

I followed up with Mark today and he said SIAB will take the lead on writing the methodology for this PCTn due to the deviation from standard methods.

HAPPY FRIDAY! ☺
